

INVITATION

Dear Colleagues,

It gives us immense pleasure to invite you to the **NIACON 2011** – an annual event to mark the Foundation Day of the **National Institute of Āyurveda**. This year the National Conference focuses on “**Scope and Role of Āyurveda in the Management of Lifestyle Disorders**”. The conference will be organized on 14th and 15th March 2011 at the beautiful, splendid, tailor-made venue - the **Dhanvantari Auditorium** at **NIA Campus**, in our captivating Pinkcity - **Jaipur**.

The term Lifestyle incorporates **Ahara** (Eating Habits) and **Vihara** (Conduct) which along with **Aushadha** (Medicine) form the triad of the armament with which *Āyurveda* battles the onslaught of diseases. Ironically, these modern times have turned the friend into a foe by disobeying lifestyle tenets of *Āyurveda* and are therefore beset with myriad lifestyle disorders like Obesity, Diabetes, Hypertension etc. While *Āyurveda* had been managing lifestyle related disorders since time immemorial, recent past has witnessed a lot of “**Evidence Based**” Research and success stories. The **NIACON 2011** aims to provide a platform to some of these success stories amidst a galaxy of luminaries gathered from all over India.

The venue for this confluence of the Ancient and Contemporary Knowledge is aptly the National Institute of Āyurveda situated at Jaipur - a city where comes alive the amalgam of centuries: the historical magnificent Forts and Palaces with ultramodern Malls, Hotels, broad roads, spacious gardens – an eye catching convergence of traditional and contemporary culture. Showcasing the essence of more than 250 years old Rajasthani splendor and grandeur, Jaipur has a variety of charms to cater to all and sundry. Founded in 1727 A.D. by Sawai Jaisingh II, Jaipur – the Pink City, is one of the best-planned cities of the world and boasts of excellent connectivity by rail, road and air.

The weather will be very pleasant in March, inviting hordes of visitors to Jaipur – a most sought after tourist destination in the world, named by many as ‘The Paris of India’. The fantastic bazaars of Jaipur are a perfect place to shop for gems, handicrafts, antiques, jewellery, pottery, carpets, textiles, metalwork and leather ware.

NIACON 2011 would be a great opportunity to interact with erudite scholars of Āyurveda and to benefit from their knowledge and experience. It will be our sincere effort to ensure that every delegate enjoys the academic feast along with cultural fiestas and resplendent tourist venues that our splendid City offers. We request you to kindly make your **REGISTRATION** soon, so that we can plan the best for you.

Eagerly looking forward to see you at Jaipur for **NIACON 2011**.

Sincerely yours,

Prof. Ajay Kumar Sharma
Director, NIA
Chairman, Organizing Committee
